Minnesota Pollution Control Agency

2 November 1984

Carl F. Leshner
Vice-President
Reilly Tar and Chemical Corporation
1510 Market Square Center
151 North Delaware Street
Indianapolis, Indiana 46204

Dear Mr. Leshner:

Enclosed please find a copy of the following two sets of documents:

- (1) Consent Decree and Remedial Action Plan (RAP), under cover letter from the United States and State attorneys in this matter; and,
- (2) A proposed Request for Response Action (RFRA), together with the Board Item which the Minnesota Pollution Control Agency (MPCA) staff have prepared and will be submitting to the MPCA Board for review and action.

As I explained during our phone conversation this week, issuance of a RFRA is the first formal step in the State's administrative process under the Minnesota Superfund Act. The MPCA Board will consider the issuance of the RFRA at its November 27, 1984, public meeting. If you wish to make an appearance at that meeting, please contact me.

Please also note that the requirements of the RFRA and the RAP are in essence the same and that Reilly's agreement to the Consent Decree and RAP would satisfy all aspects of the RFRA.
